Each applicant must complete Form 12, which should be signed and stamped by a justice of the peace, notary public, or commissioner of oaths. If the applicant is a child under 18, both parents must sign on the child's behalf. Where only one parent has custody or a guardian is in place, relevant legal documentation is required.

D1 Application for Citizenship by Investment Disclosure Form

All applicants must complete the D1 form, providing comprehensive background information. For children under 18, both parents must sign on behalf of the child. If only one parent has custody or if another person is the legal guardian, appropriate documentation must be presented to prove this.

D2 Fingerprint and Photograph Verification Form

This form is mandatory for applicants aged 16 and older. A recent photograph of the applicant must be attached, and the applicant must sign the D2 in the presence of a registered fingerprinting officer, who will also sign and stamp the form. For applicants under 18, both parents must sign on the child's behalf, with documentation provided as necessary to prove custody or guardianship.

D3 Medical Questionnaire

To confirm that the applicant does not have any serious or communicable diseases, all applicants must complete the D3 form, which should be signed and stamped by a registered medical practitioner. The D3 requires results from a blood and urine test and an HIV test for applicants aged 12 years or older.

D4 Investment Agreement

This form is necessary for main applicants selecting the Economic Diversification Fund (EDF) option. The D4 is a declaration of the main applicant's intention to make the stipulated contribution. It also requires details on any dependants involved in the application.

Passport Application Form

Following approval of citizenship, applicants who wish to obtain a Dominican passport must complete this form. Each individual seeking a passport must fill out a separate Passport Application Form as part of the process.

Steps and process

- The Authorised Agent performs Know-Your-Client checks.
- The applicant completes the forms with the Authorised Agent's guidance.
- All non-original documents must be certified as true copies by relevant authorities such as a notary or justice of the peace. All government issued documents must be additionally legalised/apostilled. Any documents not in English or containing content not in English must be translated by an authenticated translator.

Step 2: Submission and approval

Timeline: 3–4 months

Description: The Authorised Agent submits the completed application to the Citizenship by Investment Unit (CBIU) along with all required fees. During this phase, due diligence and thorough background checks are conducted to verify the information provided by the applicant.

Fees:

Due Diligence Fees:

- **Main Applicant:** \$7,500
- **Spouse:** \$4,000
- **Dependants (16 years and older):** \$4,000 each
- **Enhanced Due Diligence Fees:** Additional fees may apply for nationals from specific countries, such as Iranian nationals. These fees are determined on a case-by-case basis and are generally higher to cover the cost of more comprehensive checks.
- **Processing Fee:** \$1,000 per application
- **Interview Fee:** \$1,000 per interview for all applicants aged 16 years and older. This fee applies to mandatory interviews, which are part of the due diligence process for those applicants.
- **Additional Fees (if applicable):** Supplementary due diligence: This might apply in cases requiring more intensive verification.
- **Document Authentication and Notarisation Fees:** While these are not charged by the CBIU, additional fees for notarisation or legal services may be incurred as part of document preparation.

These fees ensure that the CBIU can conduct thorough checks to maintain the integrity and security of the Citizenship by Investment Programme. Once due diligence is complete, and all fees have been paid, the application will proceed to the investment phase if approved in principle.

Process

The application is checked for completeness and accuracy. Any discrepancies result in a query letter.

- **Due diligence:** Conducted by the CBIU and third-party firms, including background checks and interviews for applicants 16+.
- **Approval in principle:** If approved, the CBIU sends a letter indicating that the application has been accepted, delayed, or denied.

Step 3: Investment

Timeline: Immediate upon approval

Description: Upon approval in principle, the applicant is required to complete their investment, either through a contribution to the Economic Diversification Fund (EDF) or by purchasing pre-approved real estate within 90 days of the issuance of the approval in principle letter.

Investment options and fees

Economic Diversification Fund (EDF):

To gain citizenship through Dominica's Citizenship by Investment Programme, applicants must make a non-refundable contribution to the EDF. The required contribution amount varies based on the number of dependants included in the application, which can include spouses, children, parents, and grandparents.

The current minimum EDF contribution amounts are as follows:

- US\$200,000 for the main applicant
- US\$250,000 for the main applicant and up to three dependants
- US\$25,000 for each additional dependant under 18 years of age
- US\$40,000 for each additional dependant 18 years of age or older
- Additional Fees

Besides the EDF contribution, applicants are required to pay the following fees:

- **Processing Fee:** US\$1,000 per application
- **Due Diligence Fees:** Main applicant: US\$7,500

Each dependant aged 16 or older: US\$4,000

Enhanced due diligence fees may apply depending on specific circumstances or nationality.

Mandatory Interview Fee: US\$1,000 per interview, applicable to all applicants aged 16 and over.

Certificate of Naturalisation Fee: US\$500 per person.

Please note that there are no additional government fees for applicants investing through the EDF. Government fees are only applicable to those opting for the real estate investment route.

Payment Information for the EDF

Applicants must ensure that their full EDF contribution is made via bank transfer. It is essential to cover any bank charges so the Government receives the complete EDF contribution amount. While payments are quoted in USD, the Government will also accept EUR and GBP.

Important: Payments in EUR or GBP must be equal to or exceed the minimum EDF contribution amount in USD. Payments that do not meet the required amount due to exchange rates or fees will be considered insufficient and rejected.

Real estate investment:

Applicants for Dominican citizenship under the real estate option must purchase a unit in an Approved Project valued at a minimum of US\$200,000. This real estate investment must be retained for either three years from the date citizenship is granted or five years if the future purchaser is also a Citizenship by Investment applicant.

Government Fees

Upon approval of the application for citizenship by real estate investment, the following government fees apply:

- US\$75,000 for the main applicant
- US\$100,000 for the main applicant and up to three dependants
- US\$25,000 for each additional dependant under 18 years of age
- US\$40,000 for each additional dependant 18 years or older

Additional Fees :

The real estate investment route also requires payment of the following additional fees:

Processing Fee: US\$1,000 per application

Due Diligence Fees:

Main applicant: US\$7,500

Each dependant aged 16 or older: US\$4,000

Enhanced due diligence fees may apply, based on specific nationality or personal circumstances.

Certificate of Naturalisation Fee: US\$500 per person

Mandatory Interview Fee: US\$1,000 per interview for all applicants aged 16 and over

Enhanced due diligence fees apply to Iranian applicants. Details can be viewed on the Citizenship by Investment Unit's website.

Real Estate Payment Information

Applicants are responsible for paying the full fees associated with the real estate option under Dominica's Citizenship by Investment Regulations. When making a bank transfer, applicants must also cover any associated bank charges to ensure the Government receives the full payment amount.

While all fees are listed in United States dollars (USD), payments can also be made in euros (EUR) or pound sterling (GBP).

Important: Payments in EUR or GBP must match or exceed the USD equivalent. Any payment that is below the required amount due to exchange rates or fees will not be accepted.

Process

EDF contribution: Paid directly to the Government of Dominica.

Real estate investment: Placed in escrow and subject to government approval.

After investment, the CBIU issues a Certificate of Naturalisation, marking the completion of the CBI process.

Step 4: Naturalisation

Timeline: 3–6 weeks

Description: Following the investment, applicants are naturalised as Dominican citizens. They may then apply for a passport.

What is naturalisation?

Naturalisation is the legal process through which applicants become full citizens of Dominica, gaining all rights, privileges, and responsibilities associated with Dominican citizenship. Successful applicants under the Citizenship by Investment Programme receive a Certificate of Naturalisation, which serves as the official document confirming their new status as Dominican citizens. This certificate is not only proof of citizenship but also allows individuals to apply for a Dominican passport, enabling them to enjoy the benefits of citizenship, including the right to live, work, and travel freely within Dominica.

Naturalisation is a crucial step for those seeking a long-term connection to Dominica, as it represents the finalisation of their commitment to the country. It also offers the security and opportunities that come with holding Dominican citizenship, including access to a stable and welcoming community, as well as the flexibility to explore business and investment options within the Caribbean region.

Oath of Allegiance

Upon the finalisation of the investment, all applicants are required to complete the process and take the Oath of Allegiance. Applicants aged 18 or over are required to sign the Oath of Allegiance witnessed by a notary public/attorney. Both parents of applicants aged 17 or younger are required to sign on the applicant's behalf, witnessed by a notary public/attorney.

Upon receipt of the duly completed Oath of Allegiance, the CBIU will issue a Certificate of Naturalisation for each applicant. The issuance of the Certificate of Naturalisation officially concludes the Citizenship by Investment process.

Passport application and fees

Passport Fee: US\$500 per passport, applied for after receiving the Certificate of Naturalisation.
